

OpenColo is a boutique data center located in the heart of Silicon Valley with state-of-the-art facilities and more than 15 years experience providing customers with superior colocation and other hosting services.

2N + 1 Reliability

2N power redundancy to complement our 100% uptime SLA and a busway power delivery system for custom power configurations and faster power upgrades.

Our data center is monitored 24/7 by our DCIM system and experienced onsite technicians.

- **24/7 Onsite Data Center Technicians**
- **24/7 Data Center Monitoring**
- **Systems Above 100 Year Floodplain**
- **Pre-Action Fire Suppression System**
- **SOC 2 Type II Certified**

Lighting & Fire Detection

Our N-Light lighting system allows for greater energy efficiency and lower costs for our customers.

- **LED Fixtures with Motion Sensing**
- **N-Light Lighting Control System**

OpenColo's state of the art fire detection and sprinkler systems ensure that your equipment remains safe in case of a fire emergency.

- **Very Early Smoke Detection Apparatus (VESDA)**
- **Dual Interlock Pre-Action Dry Pipe Sprinkler System**

Compliance & Security

OpenColo adheres strictly to ISO standards, underpinning our commitment to providing high-quality, reliable data center services. By following these internationally recognized benchmarks, we ensure operational excellence, maximum security, and consistent delivery of services, guaranteeing peace of mind for businesses of all sizes.

- **9MW Total Capacity (+4.5MW coming soon)**

Controlled access and 24/7 monitoring ensure that your mission critical equipment remains secure.

- **9MW Total Capacity (+4.5MW coming soon)**
- **24/7 Onsite Security**
- **Controlled Site Access with Perimeter Fence**
- **Biometric, CCTV, Man Traps, Key Card Access**

Cooling

To ensure greater efficiency, OpenColo has implemented an N+1 indirect evaporative cooling system.

- **N+1 Indirect Evaporative Cooling**
- **Hard-Walled Hot-Aisle Containment**

Customer Service & Corporate Amenities

Experienced data center technicians and network engineers are available onsite 24/7 and easily reachable. Sales and Billing representatives know customers by name.

- **24/7 Onsite Data Center Technicians**
- **All Our Own Employees, We Never Out-Source**
- **Dedicated Sales and Billing Teams**
- **Free Basic Remote Hands Services**

OpenColo's beautiful office, conference, and lounge spaces make long hours spent working in the data center much more comfortable.

- **Comfortable Indoor/Outdoor Lounge Areas and Kitchen**
- **Onsite Customer Work Area**
- **Conference Space and Rooms**
- **Onsite Office Space Available for Lease**
- **WiFi Available throughout the Facility**
- **Onsite Parking**
- **10 Minutes from SJC airport**

Connectivity

OpenColo offers a BGP blend of five Tier 1 upstream providers and more than 50 peered networks. As we are a carrier neutral data center, customers can also bring in additional providers with cross connects. Contact our sales team for a list of providers.

- **99.999% Network Uptime**
- **Multi-Homed BGP Network**
- **Fiber, Ethernet, SONET, DWDM, Cross Connects Available**
- **Dark Fibers to Equinix, Coresite and many other Local Data Centers**
- **Carrier-Neutral Facility**
- **Direct Peering with Multiple Premium Providers**

Power & Space

Power delivery is crucial to data center design and operation, so OpenColo has implemented an above industry standard 2N power redundancy to complement our 100% uptime SLA and a busway power delivery system for custom power configurations and faster power upgrades.

- **9MW Total Capacity (+4.5MW coming soon)**
- **Dual Utility Feeds from SVP**
- **2N Redundancy**
- **100% Power Uptime SLA**
- **Customizable Power Configurations**
- **Diesel Generators**
- **Lithium-Ion Batteries**

With a 71,000 sq. feet of data center, OpenColo has the space you need whether you're looking for a single rack or multiple cages.

- **Comfortable Indoor/Outdoor Lounge Areas and Kitchen**
- **Onsite Customer Work Area**
- **Conference Space and Rooms**
- **Onsite Office Space Available for Lease**
- **WiFi Available throughout the Facility**
- **Onsite Parking**
- **10 Minutes from SJC airport**

Size

With a 71,000 sq. feet of data center, OpenColo has the space you need whether you're looking for a single rack or multiple cages.

- **71,000 Sq. Feet**
- **Individual Racks, Cabinets, and Cages Available**
- **Loading Dock with Hydraulic Lift**
- **Raised Access Flooring**
- **Secured Storage Available**
- **1.5 (Ip) Seismic Rating**
- **BMS (Building Monitoring System)**
- **DCIM (Data Center Infrastructure Management)**
